EXPERIENCE

Self-employed

2019 - 2023

Creating a solo-enterprise in France. This allowed me to practice the areas I have always loved . It was a side job that allowed me to learn concretely how to build websites, work on SEO, create ads and many other things. My website is still active.

Student Jobs, France

2018 TO 2022

I have done several student jobs in parallel with my studies. Several jobs that spanned several years: from the factory to the office.
